

To Whom It May Concern:

In my role as Operations Manager for Stramit Building Products and previously at Westinghouse Brakes Australia I have consistently used Phil Docherty to help in all labour shortfalls in the three companies he has worked for.

I have found Phil to be not only a professional and reliable person but he also wants to know and understand our business so that he can supply a competent person the first time always.

There have been many times that I have asked MPM to supply labour at short notice, they have demonstrated the capacity to deliver when required with quality personell.

Stramit Building Products looks forward to a continuing association with MPM Recruitment Pty Ltd and therefore we have no hesitation in recommending its services to any prospective employer.
